## 1. INTRODUCTION

### 1.1. Purpose and Overview

The State of New Hampshire, acting through the Department of Health and Human Services/Division of Child Support Services (hereinafter "Department"), is soliciting proposals from responsible and qualified Bidders to perform the quadrennial review of New Hampshire's Child Support Guidelines (hereinafter "Guidelines"), and provide consulting services which includes, but are not limited to, testifying before legislative committees.

The Department is mandated, under RSA 458-C:6, to review the Guidelines not less than once every 4 years in order to determine whether application of such guidelines results in the determination of appropriate child support award amounts. The statute provides that the review shall meet the requirements of 42 U.S.C. § 667, which mandates that guidelines "shall be reviewed at least once every 4 years to ensure that their application results in the determination of appropriate child support award amounts." Additionally, 45 CFR 302.56(h) provides that, as part of the review of a State's guidelines, "a State must consider economic data on the cost of raising children and analyze case data, gathered through sampling or other methods, on the application of, and deviations from, the guidelines. The analysis of the data must be used in the State's review of the guidelines to ensure that deviations from the guidelines are limited."

Because RSA 458-C:6 specifies neither the methodology to be used in the review nor the form or final product of the review, the Department seeks sealed bid proposals from responsible and qualified Bidders that detail all activities and elements of work, all methodologies and analyses the Bidder deems necessary to conduct a guidelines review that meets the requirements of RSA 458-C:6, 42 U.S.C. § 667, and 45 CFR 302.56(h). The Department's intent is to secure a vendor who will conduct a thorough, fair and impartial review of the Guidelines.

**THE SELECTED VENDOR SHALL NOT BE AN EMPLOYEE OF THE DEPARTMENT, NOR EMPLOY AN EMPLOYEE OF THE DEPARTMENT AND SHALL DEMONSTRATE ITS ABILITY TO PROVIDE THE REQUIRED SERVICES AS A FAIR AND IMPARTIAL THIRD PARTY WITH THE RESOURCES AND EXPERTISE TO RESEARCH AND CONDUCT THE GUIDELINES REVIEW.**

The successful vendor will produce as a contract deliverable a final written report that details the scope and specifics of the completed review along with its findings and recommendations. The Department, in accordance with RSA 458-C:6, shall present the final written report "to the president of the senate, the speaker of the house of representatives, and the governor."

Implementation of the contracted services shall commence on the Governor and Executive Council approval date and shall continue until the Department accepts the final Child Support Guidelines Review Report, except that a qualified representative of the vendor shall be available to testify before legislative committees (including subcommittees) for up to eight (8) hours, approximately four (4) hours in the House and four (4) hours in the Senate, during the first full legislative session after delivery of the Child Support Guidelines Review Report.

### 1.2. Request for Proposal Terminology

**Conflict of Interest** – A situation, circumstance, or financial interest which has the potential to cause a private interest to directly or indirectly affect, influence, or interfere with the proper exercise or performance of any duty or task required pursuant to this RFP.

**DCSS** – New Hampshire Division of Child Support Services

**DHHS** – Department of Health and Human Services

**IV-D** – Title IV-D of the Social Security Act; the federal law that provides the authority for DCSS to provide child support services.

**RFP** – Request for Proposals. A Request for Proposals means an invitation to submit a proposal to provide specified goods or services, where the particulars of the goods or services and the price are proposed by the vendor and, for proposals meeting or exceeding specifications, selection is according to identified criteria as provided by RSA 21-I:22-a and RSA 21-I:22-b.

### 1.3. Contract Period

The Department's intent is to secure the vendor's services through the first full legislative session after vendor delivery and Department acceptance of the final Child Support Guidelines Review Report. Therefore, the Contract resulting from this RFP will be effective upon Governor and Executive Council approval through June 30, 2018. The Department may extend contracted services for up to six (6) additional months, subject to continued availability of funds, satisfactory vendor performance, and Governor and Executive Council approval.

The Department reserves the right to renegotiate the terms and conditions of the contract in the event applicable local, state, or federal law, regulations or policy are altered from those existing at the time of the contract in order to be in continuous compliance therewith.

## 2. BACKGROUND AND REQUIRED SERVICES

### 2.1. New Hampshire DHHS Division of Child Support Services

The New Hampshire Department of Health and Human Services is authorized under RSA 161:2, XIV to establish, direct and maintain a program of child support based upon Title IV-D of the Social Security Act as amended. The Division of Child Support Services was established as New Hampshire's IV-D Agency.

The use of guidelines for the calculation of child support obligations is a IV-D mandate and the Guidelines are codified at RSA Chapter 458-C:1-7. The Guidelines were enacted into law in 1988 (HB 1128) and were modeled on the "Income Shares" model, one of three federally approved basic child support calculation models used by child support agencies in order to be in compliance with the federal mandate to establish presumptive child support guidelines. The central tenet of the Income Shares model is that a child should receive the same proportion of parental income that he or she would have received if the parents were an intact family.

In December 2004, the New Hampshire Commission to Study Child Support Issues and Related Custody Issues (known as the HB 310 Commission) issued a Final Report which included an assessment of New Hampshire's then-existing Guidelines. This Report served as the required four year guidelines review. The Report included a finding that the application of NH's then-existing Guidelines could result in "unfair and inappropriate" child support amounts. The Commission suggested several remedies to address this perceived deficiency, including the need for an economic analysis as part of a review of the Guidelines.

For the 2008 review, DCSS sought a vendor “with advanced technical expertise in the field of economics to review and provide an unbiased, reliable economic analysis of the Guidelines for the purpose of ensuring that the application of those guidelines results in the determination of appropriate child support award amounts.” DCSS contracted with the University of New Hampshire (UNH) Cooperative Extension to perform the 2008 Review. UNH Cooperative Extension released their 2009 New Hampshire Child Support Guidelines Review and Recommendations on March 20, 2009. The report contained six recommendations for legislative changes to New Hampshire’s Guidelines. Of the six, three were subsequently legislatively enacted, although not in exact accordance with the recommendations.

In 2010, HB 1193 addressed one recommendation, eliminating the cost cap on child care expense deductions allowed under the Guidelines and amending the definition of allowable child care expenses by adding the phrase “and includes necessary work related education and training costs” to the term “actual work-related expenses for the children to whom the order applies.”

Also in 2010, a second recommendation for legislative change was addressed through HB 1216, which amended the definition of “self-support reserve” by increasing the amount from 100% to 115% of the federal poverty guidelines.

The third recommendation for legislative change was in 2012 through HB 597, which amended the Guidelines by replacing the flat percentage formula (25% of net income for one child, 33% for two children, etc.) with an income share formula that has a declining percentage of income to be applied to child support as net income increases. (The UNH Cooperative Extension Report had recognized that although New Hampshire identified its model to be Income Shares, it more reflected a Percentage of Income model.) The new child support formula became effective on July 1, 2013.

DCSS seeks a vendor to conduct the first Guidelines review since the 2013 formula change. The vendor will complete the review, mandated by federal and state authority, and produce a final written report as to its findings and recommendations.

### **3. STATEMENT OF WORK**

Bidders must address every section of Section 3 Statement of Work in the Bidder’s Proposal, even though certain sections may not be scored, and must provide written answers to the questions contained herein.

As part of the review, the vendor must “consider economic data on the cost of raising children and analyze case data, gathered through sampling or other methods, on the application of, and deviations from, the guidelines. The analysis of the data must be used in the State’s review of the guidelines to ensure that deviations from the guidelines are limited.” [45 CFR 302.56(h)].

The Profile shall also include a general company overview, number of employees, and an organizational chart, if applicable. The vendor must obtain the Department's written consent to utilize any subcontractors prior to making any such assignments. The Department reserves the right to accept or reject the use of any subcontractor.

**Q8.** *Submit your proposed plans (if any) for subcontracting any of the services described herein. You must include in their proposal any existing sub-contractual agreements, the Subcontractor Profile described in subsection 3.3.1.1., and non-binding Letters of Intent to provide the specific services from all proposed subcontractors.*

### 3.4. Culturally and Linguistically Appropriate Standards

The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.

- 3.4.1.1. DHHS requires all vendors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.
- 3.4.1.2. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.
- 3.4.1.3. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate.

The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.

- 3.4.1.4. Bidders are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.
- 3.4.1.5. Successful applicants will be:
  - a. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council;
  - b. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
- 3.4.1.6. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:
  - a. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
  - b. The frequency with which LEP individuals come in contact with the program, activity or service;
  - c. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;
  - d. The resources available to the organization to provide language assistance.
- 3.4.1.7. **Bidders are required to complete the TWO (2) steps listed in the Appendix D to this RFP, as part of their Proposal.** Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Bidders' program design, which in turn, will allow Bidders to put forth the best possible Proposal.

For guidance on completing the two steps in Appendix D, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website. <http://www.dhhs.nh.gov/business/forms.htm>.

### **3.5. Conflicts of Interest**

#### **3.5.1. Disclosure of Conflicts of Interest/Remedies**

3.5.1.1. Underlying the goal of obtaining a thorough, fair and impartial review of Child Support Guidelines, the vendor shall identify and disclose to the Department any professional or personal involvement in activities that may signify the existence of a potential bias or conflict of interest in the subject matter. The vendor shall equally be obligated to disclose such involvement for any personnel or subcontractors the vendor assigns to perform any of the contracted services. The vendor shall disclose the activities to the Department in writing within seven (7) calendar days of identifying the involvement utilizing the form provided in Appendix G, Conflict of Interest Disclosure Certification.

3.5.1.2. The Department shall review such disclosures to determine, at its sole discretion, whether the involvement or activities present an unacceptable risk for the Department to obtain a thorough, fair and impartial review of the Guidelines. The Department reserves the right, at the Department's sole discretion, to withdraw any previously issued consent for the applicable personnel or subcontractor assigned to perform contracted services. In the event the Department exercises this right, the vendor's responsibility to fulfill contract requirements shall continue unchanged and without delay.

If at any time during the Contract Period, the Department determines, at its sole discretion, that the vendor has a conflict of interest that presents an unacceptable risk for the Department to obtain a thorough, fair and impartial review of the Guidelines, the Department may, at its sole discretion, suspend the provisions of required services until further notice. The Department will provide the vendor with written notice of the suspension of services. In such event, the vendor shall immediately cease providing such services until the conflict is resolved to the satisfaction of the Department. If the Department, at its sole discretion, determines the vendor has not addressed the conflict to the satisfaction of the Department, the Department will initiate contract termination procedures as provided for in Exhibit C-1 under the contract (see Appendix B). The Department may also avail itself of all the remedies available to it as described in the contract.

3.5.1.3. If at any time during the Contract Period, the Department determines, at its sole discretion, that a disclosure made by the vendor was or is inaccurate, or that an existing or new conflict of interest was not properly disclosed by the vendor, the Department may, at its sole discretion, suspend the provisions of required services until further notice. The Department will provide the vendor with written notice of the suspension of services. In such event, the vendor shall immediately cease providing such services until the failure to appropriately disclose is resolved to the Department's satisfaction. If the Department, at its sole discretion, determines the vendor has not addressed the failure to the satisfaction of the Department, and that this failure presents an unacceptable risk for the Department to obtain a thorough, fair and impartial review of the Guidelines, the Department will initiate contract termination procedures as provided for in Exhibit C-1 under the contract (see Appendix B).

The Department may also avail itself of all the remedies available to it as described in the contract.

- Q9.** *Describe the process and monitoring activities you intend to employ throughout the contract period to ensure your compliance with the requirements described in subsection 3.5.*
- Q10.** *In Appendix F, Conflict of Interest Disclosure Certification, you must identify and disclose any conflicts of interest with the subject matter and contract requirements described herein. Provide a description of any conflicts and how you intend to mitigate any risk to the Department's ability to obtain a thorough, fair and impartial Guidelines review.*

NOTE: The Department reserves its right to conduct its own research of any Bidder responding to this RFP and is not limited to the proposal contents provided by any Bidder for its research. The Department may request additional information from any Bidder in order to determine whether a conflict of interest or a potential conflict of interest exists. Lack of cooperation from a Bidder in response to a Department request is grounds for disqualification of the Bidder. The decision to disqualify a Bidder for lack of cooperation is at the sole discretion of the Department. The Department may also conduct additional research of a selected Bidder (vendor) after approval of a contract by Governor and Executive Council. Lack of cooperation by a vendor in response to a Department request concerning information regarding a conflict of interest is grounds, at the Department's sole discretion, to initiate contract termination proceedings as outlined in Exhibit C-1 (see Appendix B), and to avail itself of all the remedies available to the Department identified in the contract or at law.

The Department, at its sole discretion, may disqualify any Bidder if the Department determines that the Bidder presents an unacceptable risk for the successful fulfillment of the contract requirements described herein.

If, prior to approval of a contract by Governor and Executive Council, the Department determines that any disclosure made, or lack thereof, by a successful Bidder is or was inaccurate or misleading, the Department, at its sole discretion, may disqualify the Bidder. Furthermore, if, after contract approval by Governor and Executive Council, the Department determines that any disclosure made, or lack thereof, by a successful Bidder during the procurement process is or was inaccurate or misleading, the Department, at its sole discretion, may initiate contract termination procedures as identified in Exhibit C-1 (see Appendix B), or avail itself of any of the remedies available to the Department identified in the Contract or at law.

## **4. FINANCE**

### **4.1. Financial Standards**

#### **4.1.1. Funding Sources**

- 4.1.1.1. Funds to support the services solicited in this RFP are available from two funding sources, identified as follows:

NOTE: Bidders must submit a proposed budget by completing Appendix C, Budget Form. Additionally, the Bidder must submit a Budget Narrative that: (1) includes the allocation method for indirect fixed costs; (2) provides sufficient detailed explanation and justification of the costs contained in the proposed budget; (3) identifies and explains any matching funds proposed by the Bidder; and (4) clearly addresses staff utilization for each component. The Budget Narrative must be provided in sufficient detail to ensure the State can clearly understand the reasonableness of the cost proposal, including but not limited to: the basis for determining individual salaries, benefit raises, rates for supporting professional development, insurance and indirect cost. The Budget Narrative should use the numbered items in the Budget Form to organize the budget justification narrative and ensure clarity.

The final, negotiated budget(s) will be formally incorporated into the contract and binding upon the parties; any amendments thereto will require a written agreement by the parties in the form of a contract amendment, which may be subject to Governor and Executive Council approval and at minimum shall be subject to Attorney General approval. Key personnel shall be available for interviews.

## **6.17. Oral Presentations and Discussions**

DHHS reserves the right to require some or all Bidders to make oral presentations of their Proposal. Any and all costs associated with an oral presentation shall be borne entirely by the Bidder. Bidders may be requested to provide demonstrations of any proposed automated systems. Such a request will be in writing and will not provide a Bidder with an opportunity to change, extend, or otherwise amend its proposal in intent or substance.

## **6.18. Contract Negotiations and Unsuccessful Bidder Notice**

If a Bidder(s) is selected, the State will notify the Successful Bidder(s) in writing of their selection and the State's desire to enter into contract negotiations. Until the State successfully completes negotiations with the selected Bidder(s), all submitted Proposals remain eligible for selection by the State. In the event contract negotiations are unsuccessful with the selected Bidder(s), the evaluation team may recommend another Bidder(s).

In order to protect the integrity of the bidding process, notwithstanding RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff, concerning specific responses to requests for bids (RFBs), requests for proposals (RFPs), requests for applications (RFAs), or similar requests for submission for the purpose of procuring goods or services or awarding contracts from the time the request is made public until the closing date for responses except that information specifically allowed by RSA 21-G:37.

DHHS reserves the right to award a service, part of a service, group of services, or total Proposal and to reject any and all Proposals in whole or in part. The notice of the intended contract award will be sent by certified mail or overnight mail to the selected Bidder. A contract award is contingent on approval by the Governor and Executive Council.

If a contract is awarded, the Bidder must obtain written consent from the State before any public announcement or news release is issued pertaining to any contract award.

## **6.20. Site Visits**

The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the bidder's location or at any other location deemed appropriate by the Department, in order to determine the bidder's capacity to satisfy the terms of this RFP. The Department may also require the bidder to produce additional documents, records, or materials relevant to determining the bidder's capacity to satisfy the terms of this RFP. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the bidder.

## **6.21. Protest of Intended Award**

Any challenge of an award made or otherwise related to this RFP shall be governed by RSA 21-G:37, and the procedures and terms of this RFP. The procedure set forth in RSA 21-G:37, IV, shall be the sole remedy available to challenge any award resulting from this RFP. In the event that any legal action is brought challenging this RFP and selection process, outside of the review process identified in RSA 21-G:37, IV, and in the event that the State of New Hampshire prevails, the challenger agrees to pay all expenses of such action, including attorney's fees and costs at all stages of litigation.

The State intends to negotiate with the awarded vendor to include liquidated damages in the Contract in the event any deliverables are not met.

The Department and the vendor agree that the actual damages that the Department will sustain in the event the Vendor fails to maintain the required performance standards throughout the life of the contract will be uncertain in amount and difficult and impracticable to determine. The vendor acknowledges and agrees that any failure to achieve required performance levels by the vendor will more than likely substantially delay and disrupt the Department's operations. Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the vendor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the vendor to the State.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

### Addendum to CLAS Section of RFP for Purpose of Documenting Title VI Compliance

**All DHHS bidders are required to complete the following two (2) steps as part of their proposal:**

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

#### **Background:**

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure **meaningful access** by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients **does not diminish** the obligation covered entities have to address those needs.

## APPENDIX D

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

### **BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis**

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders' application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. **However, successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website:

<http://www.dhhs.nh.gov/business/index.htm>

## APPENDIX D

### Important Items to Consider When Evaluating the Four Factors.

#### **Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.**

##### Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are **eligible** for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the **focus** of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

#### **Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.**

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

## APPENDIX D

<b>Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</b>
<ul style="list-style-type: none"><li>• The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</li><li>• When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</li></ul>
<b>Factor #4 The resources available to the organization to provide effective language assistance.</b>
<ul style="list-style-type: none"><li>• A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</li><li>• Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</li><li>• Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</li></ul>

## APPENDIX D

### **BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures**

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<b>1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM</b>		
<b>a. Do you make an effort to identify LEP persons served in your program?</b> (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No

<b>5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS</b>		
<b>a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service?</b> (Note: A way to fulfill this requirement is to use certified interpreters only.)	Yes	No
<b>b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?</b>	Yes	No
